Henry Ford SandCastles is a grief support program providing children and families with opportunities to come together for nurturing and strength as they learn to cope with the loss of a loved one. The program provides a safe and comforting environment for children and teens to grieve their loss and find within themselves their capacity to heal. SandCastles conducts an annual bereavement camp in the summer that is an integral part of our annual impact. Since its inception in 1997, SandCastles has helped thousands of families throughout southeast Michigan.
