

Speakers Bureau

**HENRY
FORD
HEALTH**

Tomorrow's
breakthroughs,
shared today

henryford.com/speakersbureau

The Henry Ford Medical Group is a resource for your next event or medical education gathering

From the operating rooms to the research labs, doctors of the Henry Ford Medical Group pursue cutting edge treatments that not only save, but change lives. And now, Henry Ford is bringing you their world of medical and scientific expertise in more than 40 specialties.

Speaking from experience

When it comes to choosing a speaker for your next event or medical education gathering, partner with a health system and group of doctors that continue to pioneer their practice in categories across the board - The Henry Ford Medical Group offers a collection of groundbreaking topics you won't find anywhere else.

To schedule a Henry Ford
speaker, please
call (877) 434-7470
or email us at
speakersbureau@hfhs.org.

Contents

Acute care surgery	1
Cancer	1-8
Cardiology	8-10
Colon & rectal surgery	10
Ear, nose, and throat	10-11
Gastroenterology	11-12
Hepatology	13
Interventional radiology	14
Multidisciplinary approach transgender care	14
Neuro interventional radiology	15
Neuroscience	15-16
Ophthalmology	17
Orthopaedic surgery	17-19
Pediatric radiology	19
Physician wellness	20
Plastic surgery	21-22
Pulmonary medicine	22
Radiology	23
Rheumatology	23
Sleep medicine	24
Transplantation surgery	24
Thoracic surgery	25
Trauma and critical care	25-26
Urology	26
Vascular surgery	26

Acute care surgery – topics and speakers

Speaker for all topics listed below:

Anthony J. Falvo, D.O.

- Complex abdominal wall hernias and reconstruction
- Management of acute necrotizing pancreatitis with or without infection

Cancer – topics and speakers

Brain and spine cancer

Brain brachytherapy and laser treatment for previously untreatable brain tumors

Adam Robin, M.D.

Treatment updates in brain cancer

James Snyder, D.O.

Tobias Walbert, M.D., Ph.D.

Brain tumor radiation therapy

Salim Siddiqui, M.D., Ph.D.

Breast cancer

African ancestry and high-risk triple negative breast cancer

Jessica Bensenhaver, M.D.

Central nervous system metastases

Adam Robin, M.D.

Lisa Rogers, M.D.

Aftermath of breast cancer treatment

Monique Swain, M.D.

Guidelines for treating brain metastases

Adam Robin, M.D.

Breast cancer surgery

Theresa Schwartz, M.D.

Latest treatments for brain cancer

Ian Lee, M.D.

Adam Robin, M.D.

James Snyder, D.O.

Tobias Walbert, M.D., Ph.D.

Gynecologic concerns and management

Monique Swain, M.D.

Multidisciplinary care of brain cancer patients

Adam Robin, M.D.

Lisa Rogers, M.D.

Salim Siddiqui, M.D., Ph.D.

James Snyder, D.O.

Management of benign breast problems

Lindsay Petersen, M.D.

Management of early stage breast cancer

Anna Lehrberg, M.D.

Skullbase, pituitary and endoscopy center

John R. Craig, M.D.

Adam Robin, M.D.

Jack P. Rock, M.D.

Multidisciplinary care of breast cancer patients

Haythem Ali, M.D.

Radiation therapy for breast cancer

Eleanor M. Walker, M.D.

Surgical management of lymphedema

Dunya Atisha, M.D.

Spinal cord compression radiation therapy

Salim Siddiqui, M.D., Ph.D.

Update in breast reconstruction

Maristella Evangelista, M.D.

Stereotactic radiation therapy

Salim Siddiqui, M.D., Ph.D.

Continued

Cancer clinical trials

Clinical trials in breast cancer

Haythem Ali, M.D.

Clinical trials in gastrointestinal cancers

Philip Philip, M.D.

Clinical trials in head and neck cancer

Shivangi Lohia, M.D.

Samantha Tam, M.D.

Clinical trials in lung cancer

Shirish Gadgeel, M.D.

Clinical trials in neuro-oncology

James Snyder, D.O.

Tobias Walbert, M.D., Ph.D.

Clinical trials in prostate cancer

Clara Hwang, M.D.

Phase I clinical trials at Henry Ford Health

Raghad Karim, M.D.

Colon and rectal cancer

Colon cancer treatment with minimally invasive techniques

Edward Itenberg, D.O.

Surya Nalamati, M.D.

Incorporating patient and provider friendly neoadjuvant therapy regimens for rectal cancer

Parag Parikh, M.D.

Multidisciplinary care of rectal cancer patients:

Gazala Khan, M.D.

Surya Nalamati, M.D.

Parag Parikh, M.D.

Craig Reickert, M.D, M.B.A.

Novel targeted therapies in colon cancer

Gazala Khan, M.D.

Philip Philip, M.D.

Transanal surgery – a minimally invasive option for removal of rectal tumors

Surya Nalamati, M.D.

Craig Reickert, M.D., M.B.A.

Endocrine cancer

Minimally invasive thyroid surgery

Michael Singer, M.D.

Parathyroid issues and clinical challenges

Rupen Shah, M.D.

Michael Singer, M.D.

Thyroid cancers

Rupen Shah, M.D.

Michael Singer, M.D.

Gynecologic cancer

Adjuvant therapies in women with endometrial cancer

Mohamed A. Elshaikh, M.D.

Image guided brachytherapy in cervical cancer

Mohamed A. Elshaikh, M.D.

Role of radiation in gynecologic oncology

Mohamed A. Elshaikh, M.D.

The role of radiation treatment in vulvar carcinoma

Mohamed A. Elshaikh, M.D.

Updates in endometrial cancer treatment

Thomas Buekers, M.D.

Miriana Hijaz, M.D.

Updates in ovarian cancer treatment

Thomas Buekers, M.D.

Miriana Hijaz, M.D.

Gastrointestinal cancer

Immunotherapy of GI cancers

Gazala Khan, M.D.

Philip Philip, M.D.

Molecular Profiling of GI cancers

Philip Philip, M.D.

Novel targeted therapies in gastrointestinal cancers

Philip Philip, M.D.

Overview of gastrointestinal cancers

Philip Philip, M.D.

Recent advances in the management of small bowel neuroendocrine tumors

Philip Philip, M.D.

Rupen Shah, M.D.

Role of cytoreductive surgery and hyperthermic intraperitoneal chemotherapy (HIPEC) and its evolving indications in GI malignancies

Rupen Shah, M.D.

Peptide receptor radiation treatment (PRRT)-a novel therapy

Gazala Khan, M.D.

Philip Philip, M.D.

Update on gastric cancer management

David Kwon, M.D.

Rupen Shah, M.D.

Updates on most recent clinical trials in gastrointestinal cancers

Philip Philip, M.D.

Using MRI guided radiation to decrease treatment duration and toxicity for gastrointestinal cancers

Parag Parikh, M.D.

Genitourinary and prostate cancer

Adjuvant and salvage radiation treatment in testicular seminoma

Mohamed A. Elshaikh, M.D.

Bladder preservation approach-a multidisciplinary approach for bladder cancer

Mohamed A. Elshaikh, M.D.

Disparities in prostate cancer: a path towards health equity

Firas F. Abdollah, M.D.

Clara Hwang, M.D.

Eleanor Walker, M.D.

Evaluation and minimally invasive treatment of adrenal tumors

Craig G. Rogers, M.D.

Rupen Shah, M.D.

Evaluation and minimally invasive treatment options for kidney tumors

Craig G. Rogers, M.D.

Hypofractionation and prostate SBRT in prostate cancer

Mohamed A. Elshaikh, M.D.

Immunotherapy for bladder and prostate cancer

Johar Syed, M.D.

Immunotherapy for the treatment of genitourinary malignancies

Clara Hwang, M.D.

Inherited forms of urologic malignancies

Johar Syed, M.D.

Management of patients with high risk prostate cancer

Mohamed A. Elshaikh, M.D.

Aharon Feldman, M.D.

Management of patient with intermediate prostate cancer

Mohamed A. Elshaikh, M.D.

Aharon Feldman, M.D.

Management of small renal masses and renal cysts

Craig G. Rogers, M.D.

Minimally invasive surgery for bladder cancer

Johar Syed, M.D.

Minimally invasive surgery for prostate cancer

James O. Peabody, M.D.

Craig G. Rogers, M.D.

Multidisciplinary care of bladder cancer patients

Mohamed A. Elshaikh, M.D.

Clara Hwang, M.D.

Johar Syed, M.D.

Multidisciplinary care of prostate cancer patients

Mohamed A. Elshaikh, M.D.

Clara Hwang, M.D.

James Peabody, M.D.

Novel targeted therapies for advanced kidney cancer

Clara Hwang, M.D.

Precision medicine in GU oncology

Clara Hwang, M.D.

Hans J. Stricker, M.D.

Recent advances in prostate cancer treatment-systemic therapies

Clara Hwang, M.D.

Robotic adrenalectomy and partial adrenalectomy

Craig G. Rogers, M.D.

Rupen Shah, M.D.

Robotic nephroureterectomy

Craig G. Rogers, M.D.

Robotic surgery for prostate, kidney, and adrenal tumors

Craig G. Rogers, M.D.

The role of radiation treatment in oligometastatic prostate cancer

Mohamed A. Elshaikh, M.D.

Prostate cancer screening – opportunities for shared decision making

Firas F. Abdollah, M.D.

Clara Hwang, M.D.

Daniel Moore, M.D.

Craig G. Rogers, M.D.

Postprostatectomy radiation treatment, adjuvant vs salvage

Mohamed A. Elshaikh, M.D.

Head and neck cancer

Clinical trials in head and neck cancer

Shivangi Lohia, M.D.

Samantha Tam, M.D.

Early oral cavity/sentinel node

Steven Chang, M.D.

Samantha Tam, M.D.

Free flap reconstruction of the head and neck

Tamer Abdel-Halim Ghanem, M.D., Ph.D.

Suhael Momin, M.D.

Functional outcomes of head and neck cancer

Suhael Momin, M.D.

Samantha Tam, M.D.

Vivian F. Wu, M.D.

Head and neck cancer (throat, voice box, tongue, jaw and oral cavity, tonsil cancers)

Tamer Abdel-Halim Ghanem, M.D., Ph.D.

Suhael Momin, M.D.

Samantha Tam, M.D.

Vivian F. Wu, M.D.

Head and neck melanoma

Samantha Tam, M.D.

Amy Weise M.D.

Vivian F. Wu, M.D.

Head and neck skin cancer

Farzan Siddiqui M.D., Ph.D.

Samantha Tam, M.D.

Amy Weise M.D.

Vivian F. Wu, M.D.

HPV and head and neck cancer

Suhael Momin, M.D.

Farzan Siddiqui, M.D., Ph.D.

Vivian F. Wu, M.D.

Mandibular reconstruction

Tamer Abdel-Halim Ghanem, M.D., Ph.D.

Suhael Momin, M.D.

Multidisciplinary care of head and neck cancer patients

Steven Chang, M.D.

Jawad Sheqwara, M.D.

Farzan Siddiqui, M.D., Ph.D.

Samantha Tam, M.D.

Photodynamic therapy

Steven Chang, M.D.

Suhael Momin, M.D.

Radiation therapy in head and neck cancer

Farzan Siddiqui, M.D., Ph.D.

Rehabilitation in head and neck cancer

Megan Carlson, S.L.P.

Tim Carrier, S.L.P.

Diana Walker, S.L.P.

Re-irradiation in head and neck cancer

Farzan Siddiqui, M.D., Ph.D.

RFA for thyroid nodules

Shivangi Lohia, M.D.

Sinus cancer

Tamer Abdel-Halim Ghanem, M.D., Ph.D.

Samantha Tam, M.D.

Thyroid cancer

Michael Singer, M.D.

Samantha Tam, M.D.

Vivian F. Wu, M.D.

Transoral robotic surgery (TORS)

Tamer Abdel-Halim Ghanem, M.D., Ph.D.

Updates in head and neck medical oncology

Haythem Ali, M.D.

Oluchukwu Oluoha, M.D.

Amy Weise, M.D. (cutaneous)

Hematologic diseases

Evaluation and management of ALL, CLL, NHL, Hodgkin lymphoma

Vijaya Donthireddy, M.D.

Philip Kuriakose, M.D.

Jawad Sheqwara, M.D.

Evaluation and management of AML, CML

Ahmad Mattour, M.D.

Christopher Willner, M.D.

Evaluation and management of anemia and thrombocytopenia

Bernd Barthel, M.D.

Evaluation and management of bleeding disorders

Vrushali Dabak, M.D.

Vijaya Donthireddy, M.D.

Philip Kuriakose, M.D.

Evaluation and management of clotting disorders:

Vijaya Donthireddy, M.D.

Philip Kuriakose, M.D.

Jawad Sheqwara, M.D.

Evaluation and management of MDS

Ahmad Mattour, M.D.

Christopher Willner, M.D.

Evaluation and management of myeloproliferative disorders

Ahmad Mattour, M.D.
Christopher Willner, M.D.

Evaluation and management of plasma cell disorders (multiple myeloma, amyloidosis)

Vrushali Dabak, M.D.
Philip Kuriakose, M.D.
Jawad Sheqwar, M.D.

Evaluation and management of sickle cell disease

Vrushali Dabak, M.D.

Role of radiation in lymphomas

Mira Shah, M.D.

Interventional oncology

Interventional oncology options

Todd M. Getzen, M.D.
Scott Schwartz, M.D.

Management of portal hypertension-interventional oncology

Todd M. Getzen, M.D.

Liver cancer

Interventional oncology-locoregional therapy of liver tumors

Todd M. Getzen, M.D.
Scott Schwartz, M.D.

Liver cancer, locoregional therapy, transplant and resection

Shunji Nagai, M.D., Ph.D.
Mike Rizzari, M.D.
Reena Salgia, M.D.
Atsushi Yoshida, M.D.

Metastatic colorectal liver cancer surgery

Marwan Abouljoud, M.D.
Atsushi Yoshida, M.D.

Multidisciplinary management of hepatocellular carcinoma

Marwan Abouljoud, M.D.
Reena Salgia, M.D.

Multi focal nodular hyperplasia (FNH), adenomas, and benign hepatic masses

Marwan Abouljoud, M.D.
Shunji Nagai, M.D., Ph.D.
Atsushi Yoshida, M.D.

Neuroendocrine resection and transplant for metastatic disease

Shunji Nagai, M.D., Ph.D.
Atsushia Yoshida, M.D.

Role of resection and transplant in hilar and intrahepatic cholangiocarcinoma

Marwan Abouljoud, M.D.
Shunji Nagai, M.D., Ph.D.
Atsushi Yoshida, M.D.

Role of transplantation in metastatic neuroendocrine tumors

Shunji Nagai, M.D., Ph.D.

Lung and esophageal cancer

Advances in radiation oncology for lung cancer

Khalid Adil, M.D.
Benjamin Movsas, M.D.

Esophageal cancer screening

Ikenna Okereke, M.D.

Lung cancer screening

Andrew Popoff, M.D.
Michael Simoff, M.D.

Lung cancer update-What is the buzz about?

Shirish Gadgeel, M.D.

Minimally invasive approaches to surgery for lung cancer

Corbin Cleary, M.D.

Multidisciplinary care of lung cancer patients

Khalid Adil, M.D.
Shirish Gadgeel, M.D.
Andrew Popoff, M.D.

Multidisciplinary care of esophageal cancer patients

Ikenna Okereke, M.D.

Surgical advances in the management of lung cancer

Andrew Popoff, M.D.

Pancreas cancer

Cystic neoplasms of pancreas

David Kwon, M.D.

Multidisciplinary care of pancreatic cancer patients

David Kwon, M.D.
Parag Parikh, M.D.
Philip Philip, M.D.

Multidisciplinary care of pancreatic neuroendocrine tumors

David Kwon, M.D.
Philip Philip, M.D.

Pancreas cancer surgery

David Kwon, M.D.

Pancreas neoplasms overview

David Kwon, M.D.
Philip Philip, M.D.

Pancreas and small bowel neuroendocrine tumors

Philip Philip, M.D.

Radiation oncology

The future of radiation oncology is here – real-time MR-guided adaptive treatment (ViewRay)

Benjamin Movsas, M.D.
Parag Parikh, M.D.

Palliative radiation therapy

Salim Siddiqui, M.D., Ph.D.
Mira Shaw, M.D.

Skin cancer

Current controversies in melanoma management

Katherine Cools, M.D.
Rupen Shah, M.D.

Evolving management of melanoma with dermatologic surgery

Molly Powers, M.D.

Non-surgical management of complex skin cancers

Farzan Siddiqui, M.D., Ph.D.

Surgical techniques in melanoma management

Katherine Cools, M.D.
Rupen Shah, M.D.

Treatment updates in melanoma

Katherine Cools, M.D.

Soft tissue and bone cancer

Advances in the treatment of retroperitoneal soft tissue sarcomas

Katherine Cools, M.D.

Advances in the treatment of soft tissue sarcomas

Katherine Cools, M.D.
Michael P. Mott, M.D.

Complex reconstructions and considerations in the management of bone and soft tissue benign and malignant tumors

Michael P. Mott, M.D.

Complex reconstruction for failed non-oncologic limb salvage procedures

Michael P. Mott, M.D.

Limb salvage for malignant bone tumors

Michael P. Mott, M.D.

Management of bone and soft tissue sarcomas

Michael P. Mott, M.D.

Role of radiation therapy in management of soft tissue sarcomas

Jadranka Dragovic, M.D.

Special considerations in the management of pediatric and young adult connective tissue extremity malignancies

Michael P. Mott, M.D.

Stem cell transplant

How to improve close collaboration between stem cell transplant and referring hematologist

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Indications for stem cell transplant and referral timing

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Introduction to CAR T cell therapy

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Introduction to stem cell transplant

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Cardiology – topics and speakers

Advanced cardiac amyloidosis

Karthikeyan Ananth, M.D.

Jennifer A. Cowger, M.D.

Advanced heart failure therapy (acute and chronic)

Alexander T. Michaels, M.D.

Advances in mechanical circulatory support

Khaldoon Alaswad, M.D.

David E. Lanfear, M.D.

Management of graft vs. host disease

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Role of autologous stem cell transplant for multiple myeloma

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Short term and long term complications associated with stem cell transplant

Muneer H. Abidi, M.D.

Shatha Farhan, M.D.

Edward Peres, M.D.

Supportive and integrative oncology

Integrative oncology-complementary and alternative treatments

Michael Ryan, PsyD

Eleanor M. Walker, M.D.

Patient reported outcomes as a vital sign in cancer care

Steven Chang, M.D.

Psych-oncology in whole person cancer care

Michael Ryan, PsyD

Aortic valve stenosis

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Atrial septal defect (ASD)

William O'Neill, M.D.

Brachytherapy

Mir B. Basir, D.O.

Cardiogenic shock (echocardia and bradycardia)

Mir B. Basir, D.O.

Cardio-Oncology

Madhulata Reddy, M.D.

Cardiovascular precision medicine

David E. Lanfear, M.D.

Complex PCI

Khaldoon Alaswad, M.D.

Congenital heart disease

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

CTO

Khaldoon Alaswad, M.D.

ECMO (extracorporeal membrane oxygenation)

Mir B. Basir, D.O.

Exercise training for symptomatic peripheral artery disease

Jonathan Ehrman, Ph.D.

Hypertrophic cardiomyopathy

Bashar Hannawi, M.D.

Interventions for hypertrophic cardiomyopathy

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

The latest heart-imaging techniques

Karthikeyan Ananth, M.D.

Left atrial appendage closure

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Mitral regurgitation

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Mitral stenosis

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Multimodality imaging approach to aortic stenosis

James Lee, M.D.

Multimodality imaging of ventricular assist devices

James Lee, M.D.

Multimodality planning and guidance of left atrial appendage closure

James Lee, M.D.

Patent foramen ovale

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Peripheral artery disease

Jonathan Ehrman, Ph.D.

Precision exercise to improve cardiometabolic outcomes

Jonathan Ehrman, Ph.D.

Pulmonary valve stenosis

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Remote invasive hemodynamic monitoring

Gillian Grafton, D.O.

Cardiology – topics and speakers continued

The role of circulatory assist devices for the heart failure patient

Hassan W. Nemeh, M.D.

Sarcoid

Jennifer A. Cowger, M.D.

Surgical therapies for advanced heart failure

David E. Lanfear, M.D.

TEE guidance of mitral transcatheter edge to edge repair

James Lee, M.D.

Tricuspid regurgitation

Tiberio Frisoli, M.D.

Brian O'Neill, M.D.

William O'Neill, M.D.

Pedro Villablanca, M.D.

Understanding metabolic syndrome and obesity

Dennis J. Kerrigan, Ph.D.

Ventricular assist devices

Jennifer A. Cowger, M.D.

Colon and rectal surgery – topics and speakers

Speakers for all topics listed below:

Megumi Asai, M.D.

Edwin R. Itenberg, D.O.

Surya Nalamati, M.D.

Craig Reickert, M.D., M.B.A.

Amalia J. Stefanou, M.D.

Shawn P. Webb, M.D.

- Benign anal rectal diseases
- Colon cancer treatment with minimally invasive techniques
- Diverticulitis – minimally invasive surgical options
- Hemorrhoids and anorectal bleeding – latest management options
- Rectal cancer treatment
- Robotic colon and rectal surgery
- Surgical treatment of inflammatory bowel disease
- Transanal surgery – a minimally invasive option for removal of rectal tumors

Ear, nose, and throat – topics and speakers

Acute mastoiditis

Alvin Ko, M.D.

Deep neck space infections

Alvin Ko, M.D.

Diagnosing and managing odontogenic sinusitis

(was listed as management of chronic rhinosinusitis)

John Craig, M.D.

ENT topics you always want to know about but were afraid to ask (for primary care)

Alvin Ko, M.D.

Evaluation/management of thyroid nodules

Suhael Momin, M.D.

Facial rejuvenation surgery for the PCP

Robert Deeb, M.D.

Free flap reconstruction of head and neck

Suhael Momin, M.D.

Functional nasal surgery

Robert Deeb, M.D.

Function outcomes of the head and neck cancer

Suhael Momin, M.D.

Head and neck cancer

Suhael Momin, M.D.

Vivian F. Wu, M.D.

HPV and head and neck cancer

Suhael Momin, M.D.

HPV and oropharynx cancer

Vivian F. Wu, M.D.

How a wholefood plant based diet can support physician wellness

Laura Brainard, M.D.

Hypoglossal nerve stimulation for OSA

Suhael Momin, M.D.

Management of facial trauma

Robert Deeb, M.D.

Nonmelanoma skin cancer management

Alvin Ko, M.D.

Otitis media

Alvin Ko, M.D.

Pediatric congenital neck masses

Ilaaf Darrat, M.D.

Pediatric hearing loss

Ilaaf Darrat, M.D.

Pediatric obstructive sleep apnea

Ilaaf Darrat, M.D.

Gastroenterology – topics and speakers

Advances in endoscopy

Tobias Zuchelli, M.D.

An update in therapy for IBD

Nirmal Kaur, M.D.

Bariatric endoscopy

Tobias Zuchelli, M.D.

Reconstruction of the ear

Robert Deeb, M.D.

Rhinoplasty (cosmetic nasal surgery)

Robert Deeb, M.D.

Sinus cancer

Vivian F. Wu, M.D.

Soft tissue reconstruction of the face, head and neck

Robert Deeb, M.D.

Throat cancer

Vivian F. Wu, M.D.

Thyroid cancer

Vivian F. Wu, M.D.

Tongue cancer

Vivian F. Wu, M.D.

Tonsil cancer

Vivian F. Wu, M.D.

Voice box cancer

Vivian F. Wu, M.D.

Workup/evaluation of neck masses

(for PCP/non-otolaryngology audience)

Suhael Momin, M.D.

Chronic constipation

Susanne Shokoohi, M.D.

De-escalation in IBD

Nirmal Kaur, M.D.

Dermatologic issues in IBD across a diverse population

Jason Schairer, M.D.

Direct cholangioscopy

Sumit Singla, M.D.

Endoscopic management of achalasia

Cyrus Piraka, M.D.

Endoscopic ultrasound eosinophilic esophagitis

Jeffrey Tang, M.D.

ERCP

Andrew Watson, M.D.

Tobias Zuchelli, M.D.

ERCP for PSC

Sumit Singla, M.D.

ERCP in cholangiocarcinoma diagnosis, staging, and treatment

Sumit Singla, M.D.

Esophageal disorders

Brian Ginnebaugh, M.D.

Esophageal dysmotility

Eva Alsheik, M.D.

Esophageal manometry

Brian Ginnebaugh, M.D.

EUS

Andrew Watson, M.D.

Tobias Zuchelli, M.D.

Evaluation of the post surgical anatomy including IPAA and ostomies

Jason Schairer, M.D.

GI tract fistula closure

Tobias Zuchelli, M.D.

Hospitalized patients with gastrointestinal bleeding

Adarsh Varma, M.D.

IBD and pregnancy

Nirmal Kaur, M.D.

Jason Schairer, M.D.

Indications for surgery in IBD

Jason Schairer, M.D.

Management of GERD and hiatal hernias

Eva Alsheik, M.D.

Motility, constipation, diarrhea

Eva Alsheik, M.D.

Motility disorders

Brian Ginnebaugh, M.D.

Optimization of IBD medications

Jason Schairer, M.D.

Perianal manifestations and treatment of IB

Jason Schairer, M.D.

POEM procedures

Cyrus Piraka, M.D.

Submucosal endoscopy/ESD

Cyrus Piraka, M.D.

Surgical issues in IBD therapeutic drug monitoring in IBD

Jason Schairer, M.D.

Update on Barrett's esophagus

Ikenna Okereke, M.D.

Update on GERD

Eva Alsheik, M.D.

Hepatology- topic and speakers

Abnormal LFTs

Syed Mohammed Jafri, M.D.

Acute liver failure

Syed Mohammed Jafri, M.D.

Reena Salgia, M.D.

Ashina Singh, M.D.

Alcoholic liver disease

Dilip Moonka, M.D.

Autoimmune hepatitis

Kimberly Brown, M.D.

Allyce Caines, M.D.

Syed Mohammed Jafri, M.D.

Cirrhosis

Allyce Caines, M.D.

Humberto Gonzalez, M.D.

Deepak Venkat, M.D.

Drug induced liver injury

Syed Mohammed Jafri, M.D.

Deepak Venkat, M.D.

Hep A

Ashina Singh, M.D.

Hep B

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Hep C

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Hep E

Ashina Singh, M.D.

Hepatocellular cancer

Syed Mohammed Jafri, M.D.

Reena Salgia, M.D.

Intestine transplant

Syed Mohammed Jafri, M.D.

Liver transplant

Kimberly Brown, M.D.

Syed Mohammed Jafri, M.D.

Management of complications of portal hypertension

Kimberly Brown, M.D.

Non-alcoholic steatohepatitis (NASH)

Kimberly Brown, M.D.

Humberto Gonzalez, M.D.

Dilip Moonka, M.D.

Deepak Venkat, M.D.

Pregnancy and liver disease

Ashina Singh, M.D.

Primary biliary cholangitis

Allyce Caines, M.D.

Syed Mohammed Jafri, M.D.

Primary sclerosing cholangitis

Syed Mohammed Jafri, M.D.

Short bowel syndrome

Syed Mohammed Jafri, M.D.

Interventional radiology – topics and speakers

Balloon occlusion retrograde transvenous obliteration (BRTO) and portal hypertension

Scott Schwartz, M.D.

Interventional oncology

Scott Schwartz, M.D.

Management of portal hypertension: interventional oncology

Todd M. Getzen, M.D.

Pulmonary embolism lysis

Scott Schwartz, M.D.

Prostate artery embolization for benign prostate hypertrophy

Scott Schwartz, M.D.

Radiofrequency ablation of liver, kidney, lung, and bone

Marwan S. Abouljoud, M.D.

Multidisciplinary approach transgender care – topics and speakers

Presented as a 4 hour multi-disciplinary lecture.

Bottom surgery, fertility preservation and urological care in transgender patients

Nabeel Shakir, M.D.

Ali Dabaja, M.D.

Facial feminization surgery

Laura Garcia-Rodriguez, M.D.

Gender affirming top surgery

Donna Tepper, M.D.

Presurgical psychosocial evaluation for gender affirming surgery

Amy Williams, PhD, LP

Providing gender affirming primary care across the lifespan

Maureen Connolly, M.D.

Rachel Lee, M.D.

Neuro interventional radiology – topics and speakers

Speakers for all topics listed below:

Alex Chebl, M.D.

Maximilian K. Kole, M.D.

Horia L. Marin, M.D.

- Acute stroke treatment
- Cerebral venous stenoses and thrombosis: presentation and endovascular management
- Endovascular management of brain AVM's and AV Fistulas
- Management of chronic total carotid artery occlusion
- Management of idiopathic intracranial hypertension with attention of venous sinus stenting
- Management of intracranial atherosclerosis
- Management of TIA
- Neuroimaging in acute stroke
- Pediatric neuro interventions
- Revascularization of cervical arterial stenosis
- Role of cerebral angiography in management of rare cerebrovascular conditions: moyamoya, vasculitis and other vasculopathies
- Secondary stroke prevention
- Therapeutic embolization of head and neck conditions: epistaxis, tumors, subdural hematomas and beyond
- Update on management of subarachnoid hemorrhage and cerebral vasospasm

Neuroscience – topics and speakers

Advanced diagnostic tools for the epilepsy patient: epilepsy monitoring unit, MEG Lab

Jason M. Schwalb, M.D.

Advances in movement disorders: Parkinson's disease, tremors

Peter A. LeWitt, M.D.

Jason M. Schwalb, M.D.

Advances in radiosurgery

Salim Siddiqui, M.D., Ph.D.

Advances in therapeutic endovascular neuro-radiology

Maximilian K. Kole, M.D.

Horia L. Marin, M.D.

Advances in the treatment of brain aneurysms, AVMs and carotid artery disease

Angelos Katramados, M.D.

Maximilian K. Kole, M.D.

Ghaus M. Malik, M.D.

Panayiotis Mitsias, M.D.

Donald M. Seyfried, M.D.

Advances in the treatment of head injuries

Asim Mahmood, M.D.

Balance and falls

Bashiruddin K. Ahmad, M.D.

Benefits of deep brain stimulation

Peter A. LeWitt, M.D.

Jason M. Schwalb, M.D.

Cervical spine disorders

Mokbel K. Chedid, M.D.
Donald M. Seyfried, M.D.

Clinical trials in neuro-oncology

James Snyder, D.O.
Tobias Walbert, M.D., Ph.D.

Intercranial hemorrhage

Donald M. Seyfried, M.D.

Interventional management of head and neck vascular malformations

Alex Chebl, M.D.
Maximilian K. Kole, M.D.
Horia L. Marin, M.D.

Latest treatments for brain cancer

John R. Craig, M.D.
Ian Lee, M.D.
Adam Robin, M.D.
Jack P. Rock, M.D.
Lisa Rogers, M.D.
Salim Siddiqui, M.D., Ph.D.
James Snyder, D.O.
Tobias Walbert, M.D., Ph.D.

Management of neuromuscular diseases

Stanton B. Elias, M.D.
Daniel S. Newman, M.D.

Management of spinal metastases

Ian Lee, M.D.

Minimally invasive spine surgery techniques

Muwaffak M. Abdulhak, M.D.
Mokbel K. Chedid, M.D.

Multidisciplinary approach to spine care

Muwaffak M. Abdulhak, M.D.

Multiple sclerosis

Stanton B. Elias, M.D.

New surgical techniques for brain tumors

Ian Lee, M.D.

New surgical trials for gliomas

Ian Lee, M.D.

Normal pressure hydrocephalus

Jason M. Schwalb, M.D.

Palliative care and end-of-life care in neurology and neuro-oncology

Tobias Walbert, M., Ph.D..

Signs, symptoms and treatment of stroke

Maximilian K. Kole, M.D.
Christopher A. Lewandowski, M.D.
Panayiotis Mitsias, M.D.
Horia L. Marin, M.D.

Skull base surgery at Henry Ford: an ENT neurosurgery collaboration

John R. Craig, M.D.
Jack P. Rock, M.D.

Strategies to reduce stroke risk

Angelos Katramados, M.D.

Treatment updates in brain cancer

James Snyder, D.O.
Tobias Walbert, M.D., Ph.D.

Ophthalmology – topics and speakers

Bionic vision

Daniel L. Rathbun, PhD.

Drooping lids: ptosis, upper lid dermatochalasis, and brow ptosis

Brittany Simmons, M.D.

Eyelid cancer

Brittany Simmons, M.D.

Eyelid malpositions: ectropion and entropion diseases of the orbit including malignancy and inflammatory conditions-periorbital trauma

Brittany Simmons, M.D.

Facial rejuvenation

Brittany Simmons, M.D.

Oculoplastics

Brittany Simmons, M.D.

Sight restoration: gene therapy, stem cell therapy, and optogenetics

Daniel L. Rathbun, PhD.

Sports vision – trauma

David J. Goldman, M.D.

Sports vision – training/optimizing

David J. Goldman, M.D.

Thyroid eye disease

Brittany Simmons, M.D.

Orthopaedic surgery – topics and speakers

Adult spinal deformity: new techniques and technology

Kevin Taliaferro, M.D.

Advances in treatment of soft tissue sarcomas

Michael P. Mott, M.D.

Cervical myelopathy: evaluation and management

Kevin Taliaferro, M.D.

Current concepts in hip preservation surgery

Craig D. Silverton, D.O.

Current concepts in hip replacement surgery

W. Trevor North, M.D.
Robb Weir, M.D.

Current concepts in hip revision replacement

W. Trevor North, M.D.

Current concepts in knee ligament surgery

Patricia A. Kolowich, M.D.
Eric C. Makhni, M.D.

Current concepts in knee replacement surgery

W. Trevor North, M.D.
Robb Weir, M.D.

Current concepts in knee revision replacement

W. Trevor North, M.D.

Current concepts in rotator cuff disease

Patricia A. Kolowich, M.D.
Eric C. Makhni, M.D.

Current concepts in shoulder replacement surgery

Patricia A. Kolowich, M.D.
Eric C. Makhni, M.D.

Current concepts in the treatment of scapholunate ligament injuries of the wrist

Charles S. Day, M.D.

Damage control in orthopaedic trauma

S. Trent Guthrie, M.D.
William M. Hakeos, M.D.
Joseph J. Hoegler, M.D.

Orthopaedic surgery – topics and speakers continued

Diagnosis and management of complex elbow instability

Stephen P. DeSilva, M.D.

DVT prophylaxis: current concepts and recommendations

W. Trevor North, M.D.

Craig D. Silvertan, D.O.

Elbow injuries in baseball players/overhead athletes

Eric C. Makhni, M.D.

Elbow pain in athletes

Eric C. Makhni, M.D.

Elbow trauma

Stephen P. DeSilva, M.D.

Evaluation and management of foot and ankle injuries

William M. Hakeos, M.D.

Evaluation and management of hand and wrist pain

Charles S. Day, M.D.

Evaluation of the orthopaedic trauma patient

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Evaluation and treatment of shoulder pain

Eric C. Makhni, M.D.

Brian K. Rill, M.D.

Geriatric fractures

S. Trent Guthrie, M.D.

Gunshot/blast Injury

Craig D. Silvertan, D.O.

Hand trauma

Charles S. Day, M.D.

Hip resurfacing in the active patient

Craig D. Silvertan, D.O.

Joint preservation options in the adult knee

Brian K. Rill, M.D.

Knee instability

Eric C. Makhni, M.D.

Ligament injuries in the adult knee

Eric C. Makhni, M.D.

Vasilios (Bill) Moutzouros, M.D.

Limb salvage for malignant bone tumors

Michael P. Mott, M.D.

Lumbar Stenosis: evaluation and treatment

Ryan Berger, M.D.

Management of bone and soft tissue sarcomas

Michael P. Mott, M.D.

Management of ulnar-sided wrist pain

Andrew Baron, M.D.

Minimally invasive spine techniques

Ryan Berger, M.D.

Revision spine surgery

Kevin Taliaferro, M.D.

Revision total elbow arthroplasty

Stephen P. DeSilva, M.D.

The polytrauma patient

S. Trent Guthrie, M.D.

Shoulder pain in young adults

Eric C. Makhni, M.D.

Shoulder arthritis

Eric C. Makhni, M.D.

Shoulder injuries in baseball players overhead athletes

Eric C. Makhni, M.D.

Shoulder pain in athletes

Eric C. Makhni, M.D.

Pediatric radiology – topics and speakers

Child abuse radiographic findings

Denise Collins, M.D.

Child abuse: role of imaging

Denise Collins, M.D.

Imaging in child with abdominal and pelvic pain

Karyn Ledbetter, M.D.

Surgical treatment of knee arthritis in baby boomer athletes

W. Trevor North, M.D.

Craig D. Silvertan, D.O.

Technology use in hip and knee arthroplasty

W. Trevor North, M.D.

Total elbow arthroplasty

Stephen P. DeSilva, M.D.

Treatment of hand and upper extremity infections

Andrew Baron, M.D.

Treatment of long bone fractures

S. Trent Guthrie, M.D.

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Treatment of pathologic fractures in metastatic bone disease

Michael P. Mott, M.D.

The limping child

Jessica Leschied, M.D.

Other topics available upon request

Denise Collins, M.D.

Radiation safety and dosage in pediatric radiology

Gauravi Sabharwal, M.D.

Physician wellness – topics and speakers

Speaker for all topics listed below:

Lisa MacLean, M.D.

- 7 tips to building a vision for a healthier you!
- The benefits of teaching
- Building positivity and confidence in the practice of medicine
- Clinician grief and loss
- Compassion fatigue: caring for the caregiver
- Creating a culture of support and trust
- Dare to lead
- The disruptive physician: now what?
- Easy ways to build resilience for busy doctors
- Emotional intelligence: in your organization culture, patient safety and patient experience
- Finding fulfillment despite it all
- Finding gratefulness
- Fostering intentional professional connections
- Growing leadership skills
- Having the courage to be a resonant leader
- The healing properties of being a doctor
- How to cultivate a psychologically safe space for leaders
- The leadership challenge
- The longest lever: harnessing the power of leadership to improve physician well-being
- Managing conflict
- Moral distress: what is it? Can we heal it?
- Negotiating work-life integration
- Noticing
- Recognizing and addressing struggling learners
- Reducing distractions in order to improve productivity
- Responding to suffering
- Organizational approaches to improve well-being for healthcare professionals
- Physician burnout
- The power of happiness
- Practical tips to prevent physician burnout
- Preventing physician suicide
- The second victim effect: what is it and how to heal it?
- Staying human during residency
- Stop physician burnout; what you can do!
- Substance use in physicians: what to do?
- I think I'm burned out: now what?
- Teamwork
- Uncertainty
- Using positivity to build your best future
- What's love got to do with it?

Plastic surgery – topics and speakers

Complex soft tissue reconstruction options

Maristella Evangelista, M.D.

Kenneth Moquin, M.D.

Jenna Luker, M.D.

Complex wound care

Kenneth Moquin, M.D.

Aamir Siddiqui, M.D.

Evaluation and treatment of sternal wound infections

Herman P. Houin, M.D.

Kenneth Moquin, M.D.

Facial rejuvenation without the incisions

Herman P. Houin, M.D.

Jenna Luker, M.D.

Donna G. Tepper, M.D.

Lasers in facial rejuvenation

Donna G. Tepper, M.D.

Herman P. Houin, M.D.

Jenna Luker, M.D.

Management of common hand complaints

Rachel Hooper, M.D.

Peter Janevski, M.D.

Aamir Siddiqui, M.D.

Minimal scar breast reduction

Herman P. Houin, M.D.

Jenna Luker, M.D.

Donna G. Tepper, M.D.

Plastic surgery

Dunya M. Atisha, M.D.

Vigen B. Darian, M.D.

Maristella Evangelista, M.D.

Herman P. Houin, M.D.

Jenna Luker, M.D.

Kenneth J. Moquin, M.D.

Aamir Siddiqui, M.D.

Donna G. Tepper, M.D.

Plastic surgery of the breast

Dunya M. Atisha, M.D.

Herman P. Houin, M.D.

Jenna Luker, M.D.

Donna G. Tepper, M.D.

Plastic surgery of the face and neck

Vigen B. Darian, M.D.

Herman P. Houin, M.D.

Donna G. Tepper, M.D.

The pros and cons of plastic surgery

Dunya M. Atisha, M.D.

Vigen B. Darian, M.D.

Maristella Evangelista, M.D.

Herman P. Houin, M.D.

Jenna Luker, M.D.

Kenneth J. Moquin, M.D.

Aamir Siddiqui, M.D.

Donna G. Tepper, M.D.

Skin cancer update

Vigen B. Darian, M.D.

Maristella Evangelista, M.D.

Aamir Siddiqui, M.D.

Updates in breast reconstruction

Dunya M. Atisha, M.D.

Maristella Evangelista, M.D.

Upper extremity nerve compression from the neck to the fingers

Rachel Hooper, M.D.

Peter Janevski, M.D.

Aamir Siddiqui, M.D.

Why choose Mohs micrographic surgery

Vigen B. Darian, M.D.

Herman P. Houin, M.D.

Wrist pain in the weekend warrior

Rachel Hooper, M.D.

Peter Janevski, M.D.

Pulmonary medicine – topics and speakers

Updates in pulmonary hypertension

Bryan Kelly, D.O.

Chronic thromboembolic pulmonary hypertension

Bryan Kelly, D.O.

Concepts and controversies in management of submassive pulmonary embolism

Bryan Kelly, D.O.

Pulmonary embolism response teams: sometimes it takes a village

Bryan Kelly, D.O.

Operationalizing pulmonary embolism response teams

Bryan Kelly, D.O.

Post PE syndrome

Bryan Kelly, D.O.

Venovenous ECMO in ARDS

Jayna Gardner-Gray, M.D.

Sarcoidosis

Patrick Bradley, M.D.

Sepsis – management and building a sepsis program

Namita Jayaprakash, M.D.

Models of delivery of critical care in the Emergency Department

Namita Jayaprakash, M.D.

Lactate: How it has changed detection of illness severity

Namita Jayaprakash, M.D.

Lung transplant topics

Kaitlin Olexsey, D.O.

Cardiopulmonary exercise testing

Michael Lazar, M.D.

PFT interpretation

Michael Lazar, M.D.

Interventional pulmonary techniques

Javier Diaz-Mendoza, M.D.

Michael Simoff, M.D.

Advanced diagnostic pulmonary procedures (including navigational and robotic bronchoscopy)

Javier Diaz-Mendoza, M.D.

Michael Simoff, M.D.

Diagnosis and staging of lung cancer

Labib Debiane, M.D.

Vritti Gupta, M.D.

Lung cancer screening

Avi Cohen, M.D.

Michael Simoff, M.D.

BLVR

Avi Cohen, M.D.

Rebecca Priebe, NP

Diagnostic work-up for pleural effusion

Labib Debiane, M.D.

Javier Diaz-Mendoza, M.D.

Diagnosis and management of malignant pleural effusion

Avi Cohen, M.D.

Labib Debiane, M.D.

Radiology – topics and speakers

Breast cancer screening guidelines

Sabala Mandava, M.D.

Decision support in radiology

Dan Siegal, M.D.

Imaging informatics (overview)

Dan Siegal, M.D.

Musculoskeletal MRI

Dan Siegal, M.D.

Musculoskeletal ultrasound – diagnostic and interventional

Dan Siegal, M.D.

Practical MRI physics

Nicholas Bevins, PhD.

Using informatics to drive value in imaging

Dan Siegal, M.D.

Rheumatology – topics and speakers

Approach to asymptomatic high CPK (hyperCKemia)

Alireza Meysami, M.D., CPE, RhMSUS

Diagnosis and treatment of psoriatic arthritis

Alireza Meysami, M.D., CPE, RhMSUS

Diagnosis and treatment of IgG-4 related disease

Alireza Meysami, M.D., CPE, RhMSUS

Diagnosis and treatment of systemic lupus erythematosus

Kathleen McKinnon, D.O., MPH

Diagnosis approach to vasculitis

Kathleen McKinnon, D.O., MPH

Early diagnosis and treatment of rheumatoid arthritis

Alireza Meysami, M.D., CPE, RhMSUS

Practical approach to gout, dos and don'ts

Alireza Meysami, M.D., CPE, RhMSUS

Sleep medicine – topics and speakers

ALS and respiratory muscle weakness

Luisa Bazan, M.D.

Circadian rhythm and associated disorders

David Gessert, M.D.

Cognitive behavioral therapy for insomnia

Maren Hyde-Nolan, PhD.

General overview of OSA

David Gessert, M.D.

General talks on RLS and insomnia

Virginia Skiba, M.D.

Home ventilation

Luisa Bazan, M.D.

Hypoventilation syndromes

Luisa Bazan, M.D.

Insomnia

David Gessert, M.D.

Non-invasive ventilation

Luisa Bazan, M.D.

Obstructive sleep apnea

Maria Tovar Torres, M.D.

OSA as it relates to stroke, dementia and other neurologic issues

Virginia Skiba, M.D.

REM sleep behavior disorder

Virginia Skiba, M.D.

Sleep and safety

Luisa Bazan, M.D.

Sleep and sports medicine

David Gessert, M.D.

Sleep apnea and cardiovascular complications

Luisa Bazan, M.D.

Sleep apnea and obesity hypoventilation syndrome

Luisa Bazan, M.D.

Sleep apnea and preoperative evaluation

Luisa Bazan, M.D.

Sleep apnea and pulmonary disorders

Luisa Bazan, M.D.

Sleep disorders and women

Luisa Bazan, M.D.

Sleep hygiene

David Gessert, M.D.

Snoring

Maria Tovar Torres, M.D.

Thoracic surgery – topics and speakers

Speakers for all topics listed below:

Andrew Popoff, M.D.

Ikenna Okereke, M.D.

- Diseases of the mediastinum
- Esophageal dysmotility
- Management of complicated hiatal hernia
- Management of GERD and hiatal hernias
- Management of lung nodules
- Minimally invasive surgery (lung cancer)
- VATS and robotics

Trauma and critical care – topics and speakers

Aortic aneurysms

Loay S. Kabbani, M.D.

Aortic dissections

Loay S. Kabbani, M.D.

ARDS

Jeffery Johnson, M.D.

Blunt Aortic Injuries

Jeffery Johnson, M.D.

Damage control in orthopaedic trauma

S. Trent Guthrie, M.D.

William M. Hakeos, M.D.

Joseph J. Hoegler, M.D.

Diagnosis and management of complex elbow instability

Stephen P. DeSilva, M.D.

Elbow trauma

Stephen P. DeSilva, M.D.

Evaluation of the orthopaedic trauma patient

Joseph J. Hoegler, M.D.

William M. Hakeos, M.D.

Geriatric fractures

S. Trent Guthrie, M.D.

Gunshot/blast injury

Craig D. Silverton, D.O.

Hand Trauma

Charles S. Day, M.D.

Massive transfusion protocol

Jeffery Johnson, M.D.

Management of chest trauma

Anthony J. Falvo, D.O.

Management of facial trauma

Robert Deeb, M.D.

Management of penetrating abdominal, chest and extremity injuries

Jeffery Johnson, M.D.

Peripheral arterial disease

Loay S. Kabbani, M.D.

Pelvic fractures: associated injuries and acute management

Jeffery Johnson, M.D.

The polytrauma patient

S. Trent Guthrie, M.D.

Trauma and morbid obesity

Jeffery Johnson, M.D.

Trauma updates: systems, field triage, resuscitation

Jeffery Johnson, M.D.

Traumatic liver injuries

Jeffery Johnson, M.D.

Transplantation surgery – topics and speakers

<https://www.henryford.com/hcp/med-ed/speakers-bureau/transplant>

Continued

Trauma and critical care – topics and speakers continued

Treatment of long bone fractures

S. Trent Guthrie, M.D.
William M. Hakeos, M.D.
Joseph J. Hoegler, M.D.

Vascular trauma

Loay S. Kabbani, M.D.

Urology – topics and Speakers

Current management of kidney tumors

Amit Patel, M.D.
Craig G. Rogers, M.D.

Current options for management of benign prostatic hypertrophy (BPH)

David Leavitt, M.D.
Hans Stricker, M.D.

Evaluation, management and minimally invasive surgery for bladder cancer

Johar Syed, M.D.

Management of adrenal tumors

Craig G. Rogers, M.D.

Management of common conditions in female pelvic medicine

Humphrey Atiemo, M.D.
Samantha M. Raffee, M.D.
Kandis Rivers, M.D.

MRI targeted biopsy

Ali Dabaja, M.D.

New minimally invasive and image guided treatments for prostate cancer

Wooju Jeong, M.D.
James O. Peabody, M.D.
Craig G. Rogers, M.D.

Reconstructive urology and gender reaffirming surgery

Nabeel A. Shakir, M.D.

Updates in men's health: infertility, hypogonadism, and fertility preservation

Ali Dabaja, M.D.
Amarnath Rambhatla, M.D.

Updates in the prevention and management of urinary stones

Naveen Kachroo, M.D., PhD.
David Leavitt, M.D.

Updates in prostate cancer screening

Firas F. Abdollah, M.D.

Vascular surgery – topics and speakers

Carotid endarterectomy for acute mild to moderate stroke during index hospital admission

Sachinder S. Hans, M.D.

To schedule a Henry Ford speaker, please call (877) 434-7470 or email us at speakersbureau@hfhs.org.
